Himalayan Salt Lamp Review and Giveaway...

We recently had the chance to review a salt lamp from the Himalayan Salt Shop.

About the Himalayan Salt Lamp:

"This is how our wonderful products can benefit you:

- These lamps are made of natural crystal salt mined from underground salt mines in the foothills of the Himalayan Mountains
- The beautiful orange-reddish Himalayan crystal salt is mounted on a wooden base
- This crystal salt is hundreds of millions of years old and, as a result, has special properties and high mineral content
- Heat from the bulb (in our lamps) or flame (in our candle holders) causes the salt to emit negative ions
- These negative ions bond with the pollutants in the air (positive ions) and neutralize them
- Also, the newly bonded ions become heavier and fall to the ground removing them from the air circulation

-VeggieTales "The Little Drummer Boy" DVD! 11/3

-Phineas and Ferb Listerene Smart Rinse! 11/4

-The Original Christmas Classics Blu-Ray Boxed Set! 11/4

Little Miss A: Our Adorable, Artistic, Amiable Angel

Little Mr. D: Our Delightful, Dirt-Loving, Dynamic Daredevil

B: Brings home the Bacon

-In addition, these negative ions combat electro-smog caused by electronic devices operating in the home

-Symptoms from asthma, allergies, and other illnesses can also subside from the effects of these products

-Concisely, these products cleanse the air naturally and are extremely beautiful

A **Salt Lamp** will cleanse the air around you via natural ionization. Those interested in organic, alternative, and natural means of improving their health are especially fond of these products. Our **Himalayan Salt Lamp Information Center** will tell you everything you need to know about **Salt Lamps**. A salt lamp not only cleans your air, but it is also very attractive. Our **natural shape salt lamps** are our best sellers. We urge you to learn about these fine products and decide for yourself if a **salt lamp** is something you would like as a healthy addition to your home. People who enjoy Himalayan **Salt Lamps** also include:

- Interior Designers
- Those who practice Yoga
- Those who practice Reiki
- Those who prefer natural goods
- Anyone who likes beautiful and natural items"

What we thought: Our Himalayan Salt Lamp is absolutely gorgeous! It really looks great, even when it isn't lit, but the beautiful glow it gives off when lit really adds to the cozy ambiance we love to have present in our home. The idea behind these lamps is pretty neat. We suffer from a lot of allergies in our home year round so we are willing to try anything to help rid our house of irritating allergens and if it can look as lovely as these amazing salt lamps do, we are happy campers:) If you are looking for a way to naturally rid your home of allergens and air pollutants, you should definitely check out the Himalayan Salt Shop:) ABCD Diaries gives the Himalayan Salt Lamp an A+!

Buy It: Find these unique lamps at the Himalayan Salt Shop!
